A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claim 21 is rejected under 35 U.S.C. 102(b) as being anticipated by Wakashiro et al.

In paragraph [0152] and Figure 8, Wakashiro et al discloses a computer having code for determining rate of change of speed in step S146 and reactivating all cylinders in step S157 if rate of change of speed is high.
